**ADD NOTE:**

**Special: Construction Noise & Flagging Restrictions**

**Description:** Do not operate power-operated construction-type devices between the hours of 9:00 pm and 7:00 am on weekdays or 9:00 pm to 9:00 am weekend and holidays. Flagging operations will be restricted from operating between the hours of 7:00 am to 8:00 am and 4:30 pm to 6:00 pm on weekdays.

## **CLARIFICATION:**

**Q1:** On the Crescentville Waterline, being it is in phase 1 and then work will cover that area in phase 3. What will be required above the CWW LSM to patch the pavement for temporary means? Will 4 inches or 6 inches of asphalt be required in the top of the trench or just the LSM to the top? If asphalt is required to patch the pipe trench how will that asphalt be paid?

**A1:** Pavement restoration will match existing pavement section and will be incidental to the pipe installation.
